

## Assurance Internship Program “Assure your Future”

**Are you a student searching for real work experience in the audit profession?  
Would you also like to get paid for it?**

Explore the opportunity that PwC, the largest professional services firm in Greece, is offering you and let it be the starting point in **assuring your future**.

At PwC we are introducing a new internship program for our Audit practice that offers you the opportunity to work with the best Assurance teams in the Greek market and contribute in strengthening trust and transparency with our clients. You will be **coached by top professionals** and understand how the client's business works. You will have the opportunity to **develop unique and diversified skills** through high scale projects and make your first career steps in a well-established company.

### **What else is in it for you?**

- valuable insights into the real world of work
- exposure to everything that goes on in our dynamic, fast-paced environment
- work on **Audit** projects, using PwC audit methodology, **innovative tools and applications**
- contribute to your team's success and make a difference

The Internship is fully funded by PwC Greece and it will take place from **February to July**. In accordance with our **Wherever Works** policy, you will be able to work from the office in either Athens or Thessaloniki or remotely from home.

All in all, taking part in our paid Internship Program will help you find out if a career in Assurance is right for you and will position you well for a place in the next Assurance Graduate Program.

### **Entry Requirements**

- Undergraduate or Postgraduate Students from disciplines related but not limited to Accounting, Finance, Engineering etc.
- Final semester of studies, with excellent academic records
- Strong organisational and communication skills with a keen eye for detail
- Hands on experience from work environments or volunteering activity will be considered as a plus
- Confident and positive attitude
- Very good digital skills and familiarity with technology
- Fluency in both Greek and English
- Fulfilled military services for male candidates will be a plus

## How the Assurance Internship Programme works

PwC is all about people, encouraging and supporting them from their early career steps. At PwC, you will:

- Stand out from your peers, gaining hands-on experience on your field of interest
- Have continuous training and development opportunities (on the job training, coaching, priorities, feedback), while learning from a wide range of top professionals
- Have access to a global network of firms and our outstanding learning resources
- Attend a structured onboarding program with the support of a dedicated buddy
- Earn a Monthly salary
- Be eligible for flexible and student leaves in order to prepare yourself for your university exams
- Plus: Upon completion of your internship and graduation, there may be an opportunity to join our Assurance team as a full time auditor, giving you a head start in beginning your successful career with us

## How to apply for our Assurance Internship Program

Before you begin your application, make sure you collect all the information relative to your previous and current experiences and studies, and prepare or **update your CV**. Preferably submit your CV in English.

 **Apply [here](#).**

We will review your application, and if successful, we'll ask you to complete **psychometric tests**.

The next step of the assessment process is an **online interview** with a Talent Acquisition team member. In this virtual meeting we will have the opportunity to get to know each other, you will describe your experiences and career interests and you can learn more about PwC and the Assurance Internship Program.

If you successfully complete the above steps, you will finally be invited to a **hiring event**, where you will work on a group exercise and then meet Assurance Team Leaders and Human Capital representatives in a final interview.
